

FLY-AWAY TO CHERBOURG SATURDAY 27th MARCH

This is the first planned fly away of 2010 so let us make it a good one; Luc and Edith are putting on a spectacular lunch as attached. The intention is to depart Guernsey say from 1000 onwards to arrive Cherbourg before 1300A (French time) for lunch returning as convenient in the afternoon. Luc offers an excellent selection of wines plus hopefully he will have in stock the 2010 French maps (laminated and plain). Both GFT Warriors have been blocked off for Cherbourg (1030 to 1430 Guernsey time) so a good opportunity for say two PPL's to take one aircraft sharing the legs and the costs or, alternatively, one aircraft could be used by two students with an instructor, one student to carry out circuits at Cherbourg on arrival, all to have lunch then the other student reverse scenario for the return flight.

Please indicate if interested in going on list in the Club plus indicate likely menu choice
